Different Ways to Submit Your Ideas in KaiNexus
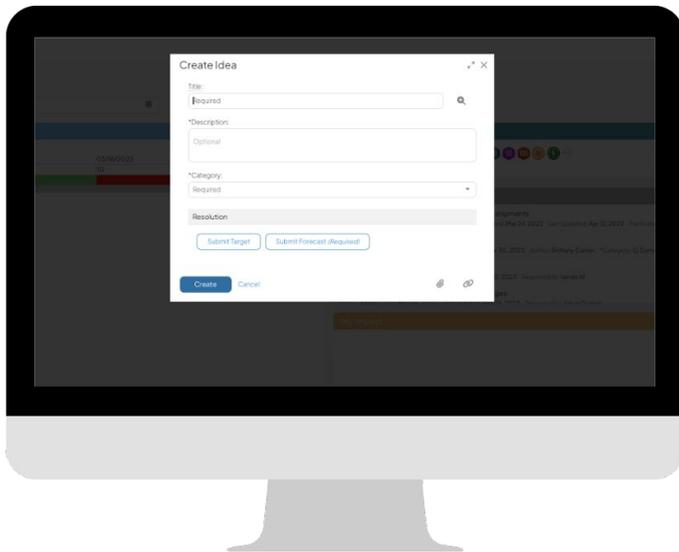

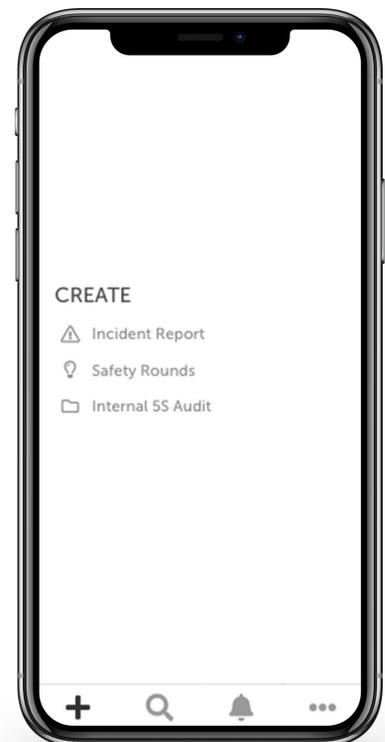

Submit via Desktop

The most commonly used method to submit ideas into KaiNexus is via desktop. Whether your day includes working in front of a computer, or you're on the shop floor and have access to a shared desktop, easily submit ideas, track improvement projects, collaborate with your team, and more.
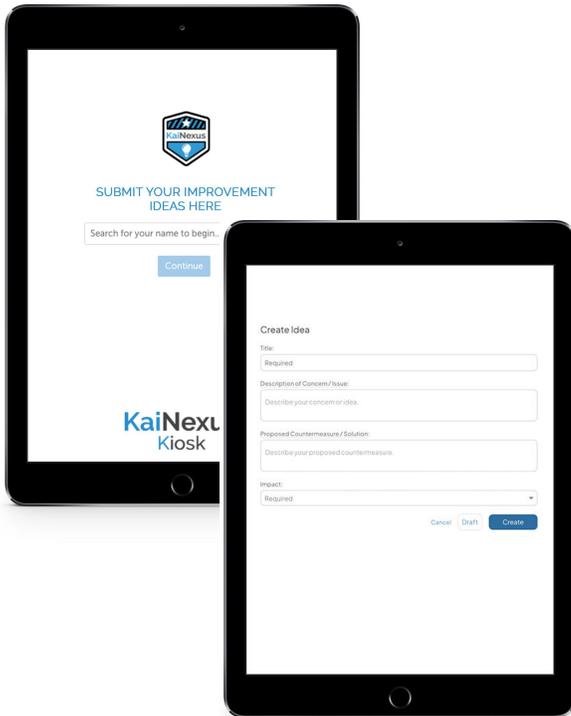

Submit via Mobile App

Bring improvement to your fingertips with the KaiNexus mobile app. Improvement doesn't have to stay at your desk. Using the mobile app, submit ideas, check notifications, and search for items in the mobile app. You can also use the pre-generated QR codes to quickly access and submit improvement ideas.

Different Ways to Submit Your Ideas in KaiNexus

KaiNexus

Submit via Kiosk Station

Users can quickly submit items with minimal disruption to their workflow. Set up the Kiosk in a popular area where people are already doing their work, and that way, they can submit their idea without skipping a beat.

Submit via Email

If you spend most of your day working out of your inbox, engaging with KaiNexus is simple. Save time by submitting ideas and replying to Comments, Updates, and Notes directly from your email.
