KaiNexus Badges

KaiNexus Custom Badges are emblems that can be customized to meet the exact needs of your organization. Whenever a person meets the requirements of a Custom Badge, it will be added to their profile to show everyone just how awesome and engaged they are.

The screenshot displays the KaiNexus Badges Module interface. At the top, there's a navigation bar with 'Boards', 'Items', 'People', 'Reports', and 'Admin' menus, and a 'Create' button. Below this, a breadcrumb trail reads 'Welcome! > NavigationPoint > Building Blocks > ADD-ON MODULES > BADGES MODULE'. The main content area is divided into several sections:

- Badges!**: A card titled 'SUBMIT AN ITEM' with instructions and a list of badge types: Improvement Novice (1), Improvement Apprentice (5), Improvement Leader (10), Improvement All-Star (50), and Improvement Legend (100).
- (12) Badge Earners**: A list of users with their profiles and the badges they have earned. The users listed are Brenda King, Carla Barton, Ian McGregor, Layla Harlow, Lewis Training, Nancy Perkins, and Nia Lamb.
- (1) My Badges**: A section showing the user's own badges.
- Badge Info Links**: A list of links including 'What is a Badge?', 'Custom Badges Module', 'What are Universal Badges?', 'Universal Badges Website', and 'Badges Blog Post'.
- Use an Activity Report to show the number of Items each person submitted**: A table with columns for 'User' and 'Total'.
- Use an Activity Feed to see who and when Items were submitted**: A feed showing submission activity, such as 'test Improvement #3832' submitted by Nia Lamb on Sunday, Jul 24, 2022, and 'Patient Intake - Billing Setup A3v2 #3068' submitted by Brenda King on Thursday, May 19, 2022.
